Backlist Book of the Month

The 'Gentler Sex'? Not so, according to Rosalind Wiseman. Girls can be cruel. In her compelling book *Queen Bees and Wannabes* Wiseman cracks the 'girl code' and explains how girls' friendships are the key to enduring adolescence - as well as the biggest threat to their happiness and well-being.

Written in a down-to-earth style and packed with examples and tips, *Queen Bees And Wannabes* is an invaluable guide for parents to empower their daughters and themselves.
